

Fabric Pressure Sensor Matrix Stencil

Made from: 1,5 mm thick HS quality neoprene with polyester jersey fused to either side, conductive thread, stretch conductive fabric, fusible interfacing, Velostat, regular thread

Range: 2 K Ohm - 200 Ohm

www.KOBAKANT.at

-  Neoprene
-  Conductive fabric
-  Perforated foam
-  Isolation
-  Velostat/Eeonyx

-  Conductive thread
-  Isolated conductive thread
-  Fold
-  Outline

-  7mm/11L metal popper
-  Knot
- VCC Common GND or +5V
- A/D(1-4) Analog/Digital in/outputs
