

Tilt Sensing

Stencil 1:1

Made from: 1,5 mm thick HS quality neoprene with polyester jersey fused to either side, conductive thread, stretch conductive fabric, fusible interfacing, perfboard and headers, resistors, metal poppers, regular thread

www.KOBAKANT.at

-  Fabric/neoprene/tape
-  Conductive fabric
-  Perforated foam
-  Isolation
-  Velostat/Eeonyx

-  Conductive thread
-  Isolated conductive thread
-  Fold
-  Outline

-  7mm/11L metal popper
-  Knot
- VCC Common GND or +5V
- A/D(1-4) Analog/Digital in/outputs
